

BENJAMIN Marauder Precharged Bolt Action - Match Trigger, Ultra Accurate, Ultra Quiet 10-shot Repeater

The Marauder PCP Air Rifle is MADE IN THE U.S.A.

Following up on the popular Benjamin® Discovery PCP air rifle comes the revolutionary Benjamin® Marauder! This powerful new PCP air rifle offers all the features needed for field target shooting and small game hunting.

The Marauder features a Crosman Custom choked barrel and internal shroud for unsurpassed accuracy and ultra quiet operation. The new two stage adjustable, match grade trigger pack with a metal trigger makes every shot smooth and steady. The Marauder also has a raised aluminum breech with a heavy duty pull bolt making loading the gun and mounting a scope a snap. The Marauder is also a Multi-Shot rifle with the new 10 shot auto indexing clip. This gun also operates at fill pressures between 2,000 and 3,000 psi. This rifle can be filled with the Benjamin® hand pump or a high pressure tank.

This powerful and exciting air rifle will once again set Benjamin® as the value to performance leader in the PCP category.

Marauder BENJAMIN Discovery Accessories

Benjamin® PCP Pump BEN5040

The 3 stage high pressure air pump is specially designed to fill PCP air-guns. The PCP Pump has a universal adaptor and works with the Benjamin® Marauder, Discovery and the Crosman PCP Challenger.

BEN5052 Dual Fuel Fill adaptor

allows you to fill the Discovery and Marauder from a compressed air or a CO₂ tank. This adaptor comes complete with a CO₂ or compressed air tank fitting C GA-320 fitting with a .825-1 4 thread and a petcock valve, a 12" stainless steel braided hose, a patented bleeder valve and a female Foster fitting. This adaptor is made for both CO₂ or compressed air. For compressed air charging the Crosman unique bleeder valve is a necessity. To take full advantage of the Marauder and Discovery rifles this is a must have accessory. FAH002

BEN5050 Scuba Yoke

This easy to use Scuba Yoke Adaptor allows for scuba tank filling of Benjamin® PCP air rifles. Please consult the owner's manual before use. Built-in gauge and relief valve. FAH003

All adaptors connect to the male Foster fitting on the rifle

BEN5054 CO₂ Fill Adaptor - Similar to the Dual Fuel adaptor this is for CO₂ ONLY FAH001 This adaptor is made for use with current CO₂ paintball tanks, the FAH002 adaptor.

Discovery with Pump Dual Fuel..... Compressed Air / CO₂ Air Rifle

Trouble-free, highly accurate. Once it is filled, there is no pumping and no worry about the outdoor temperature. Just shoot until the gun needs to be refilled. The Discovery's 2000 psi fill level means almost anyone old enough to shoot this rifle will also be able to fill it from the hand pump that comes in the package.

Dual Fuel - An inexpensive CO₂ adapter converts this rifle from compressed air to CO₂ operation which makes it easy to fill from a standard

paintball tank, offering more shots from a single fill. CO₂ is excellent for indoor use or for outdoor casual plinking.

Rated up to 900 ft/sec., the .22 cal. Discovery has the power you need. The Discovery Package includes the new Discovery rifle and the triple-action hand pump to supply 2000 psi air for 40-50 shots before recharging. Built-in pressure gauge. Rifled steel barrel, grooved receiver. Single-shot bolt action. Optional adaptor for charging with bulk CO₂. Discovery rifle and pump also available separately (see below).
