Length: 39 in. (99 cm)
Weight: 5 lbs. 2 oz. (5.27 kg)

Material: Hardwood
Barrel: Rifled steel
Front Sight: Fiber optic
Rear Sight: Fully adjustable
Mechanism: Bolt action
Safety: Cross bolt

NEW
Discovery with Pump Dual Fuel Compressed Air / CO2 Air Rifle
Trouble-free, highly accurate. Once it is filled, there is no pumping and no worry about the outdoor temperature. Just shoot until the gun needs to be refilled. The Discovery's 2000 psi fill level means almost anyone old enough to shoot this rifle will also be able to fill it from the hand pump that comes in the package.

Dual Fuel - An inexpensive CO2 adapter converts this rifle from compressed air to CO2 operation which makes it easy to fill from a standard paintball tank, offering more shots from a single fill. CO2 is excellent for indoor use or for outdoor casual plinking.

Crosman Super-Streak Air Rifle - .177 and .22

The Benjamin family just got a little added muscle. The Super Streak is a powerful entry into the Benjamin line of airguns. This is an airgun made by hunters for hunters. With a powerful velocity of up to 1500 fps, the easiest cocking force in its class and an ambidextrous thumbhole stock, this gun will send every squirrel, rabbit and crow in the county running for cover.

Includes Center Point 4-16x 40mm A.O. scope and mounts. Adjustable objective, parallax focus from 5yds to infinity Red/Green dual illuminated reticle. Includes flip open lens covers.

Power Source: spring
Caliber: .177 Caliber Up to 1500 fps with lead free pellets.
Up to 1200 fps with 7.9 grain pellets
.22 Caliber Up to 1,000 fps with lead free pellets.
Up to 1200 fps with 7.9 grain pellets

Length: 49.75"
Weight: 8.5 lbs
Barrel Material: Rifled Steel
Front Sight: Hooded front sight
Rear Sight: Micro adjustable
Mechanism: Spring

Available in .177 and .22 with blue steel metal finish. Nickel finish barrel and receiver available in .177 only
